

The image shows a collection of black dots arranged in a grid-like pattern. The dots are organized into several vertical columns. Some columns have a single dot at the top, while others have multiple dots stacked vertically. Horizontal rows are also present, with some rows containing a single dot and others containing multiple dots. The overall pattern is a mix of vertical and horizontal alignments.

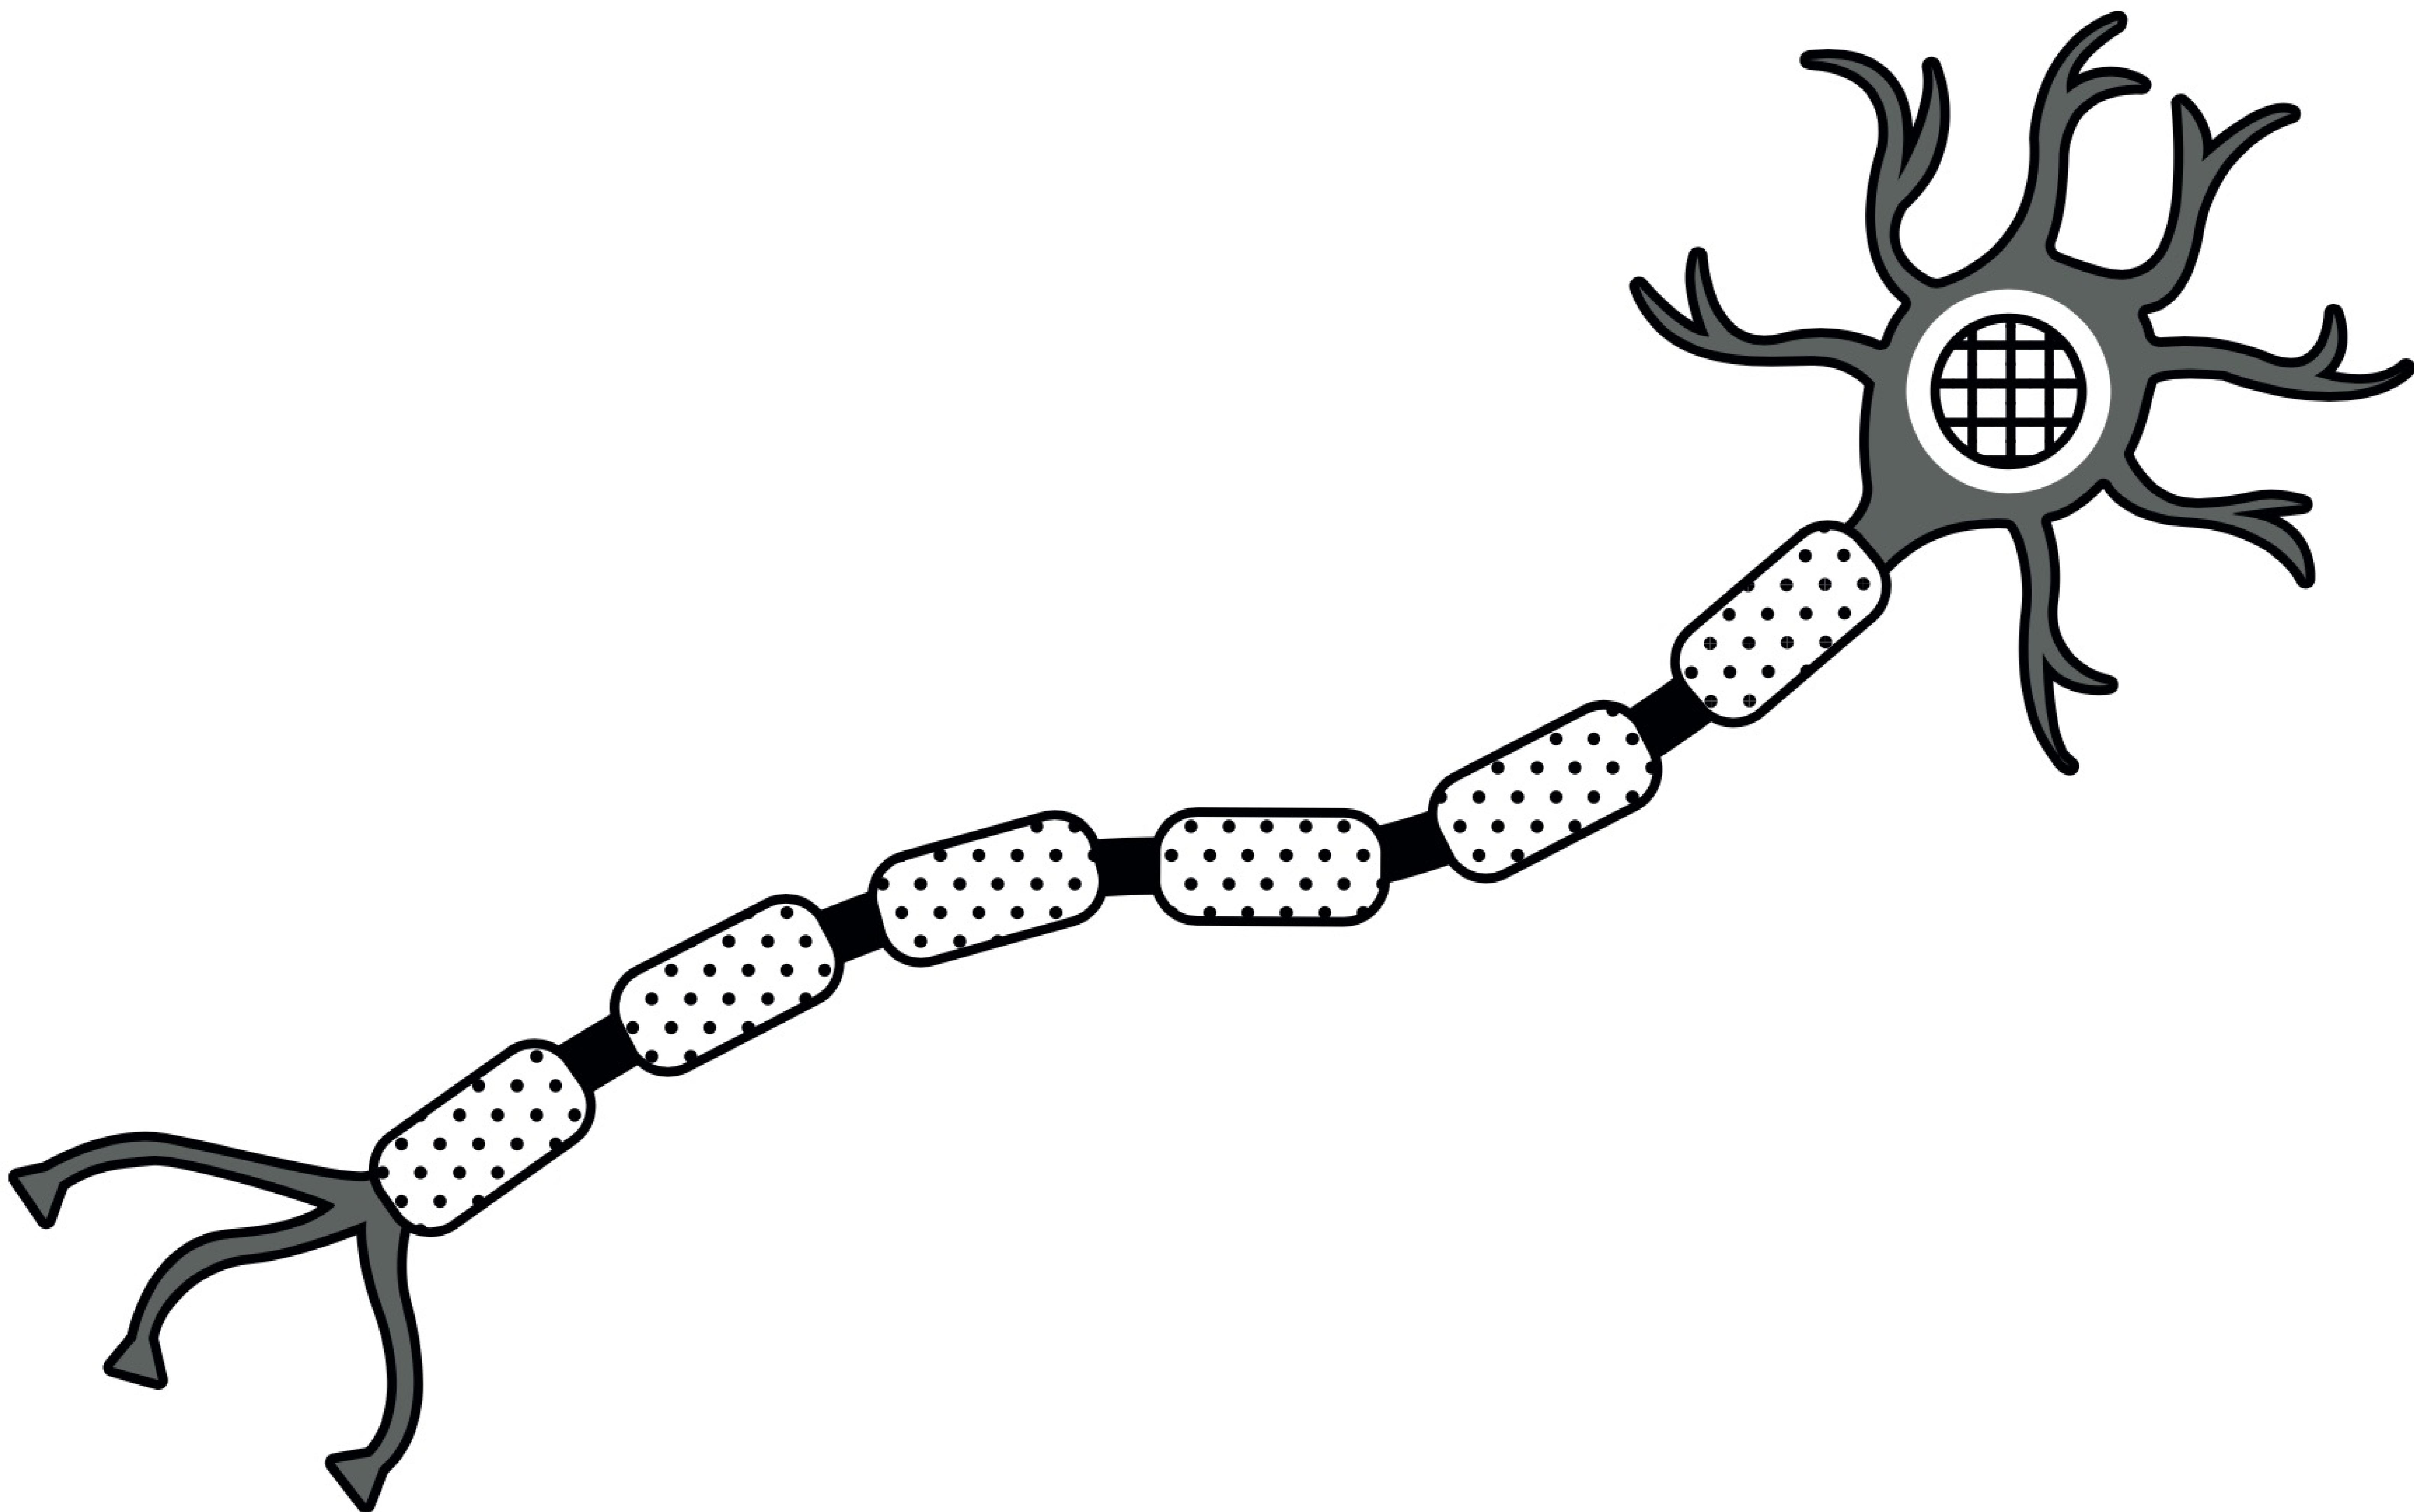

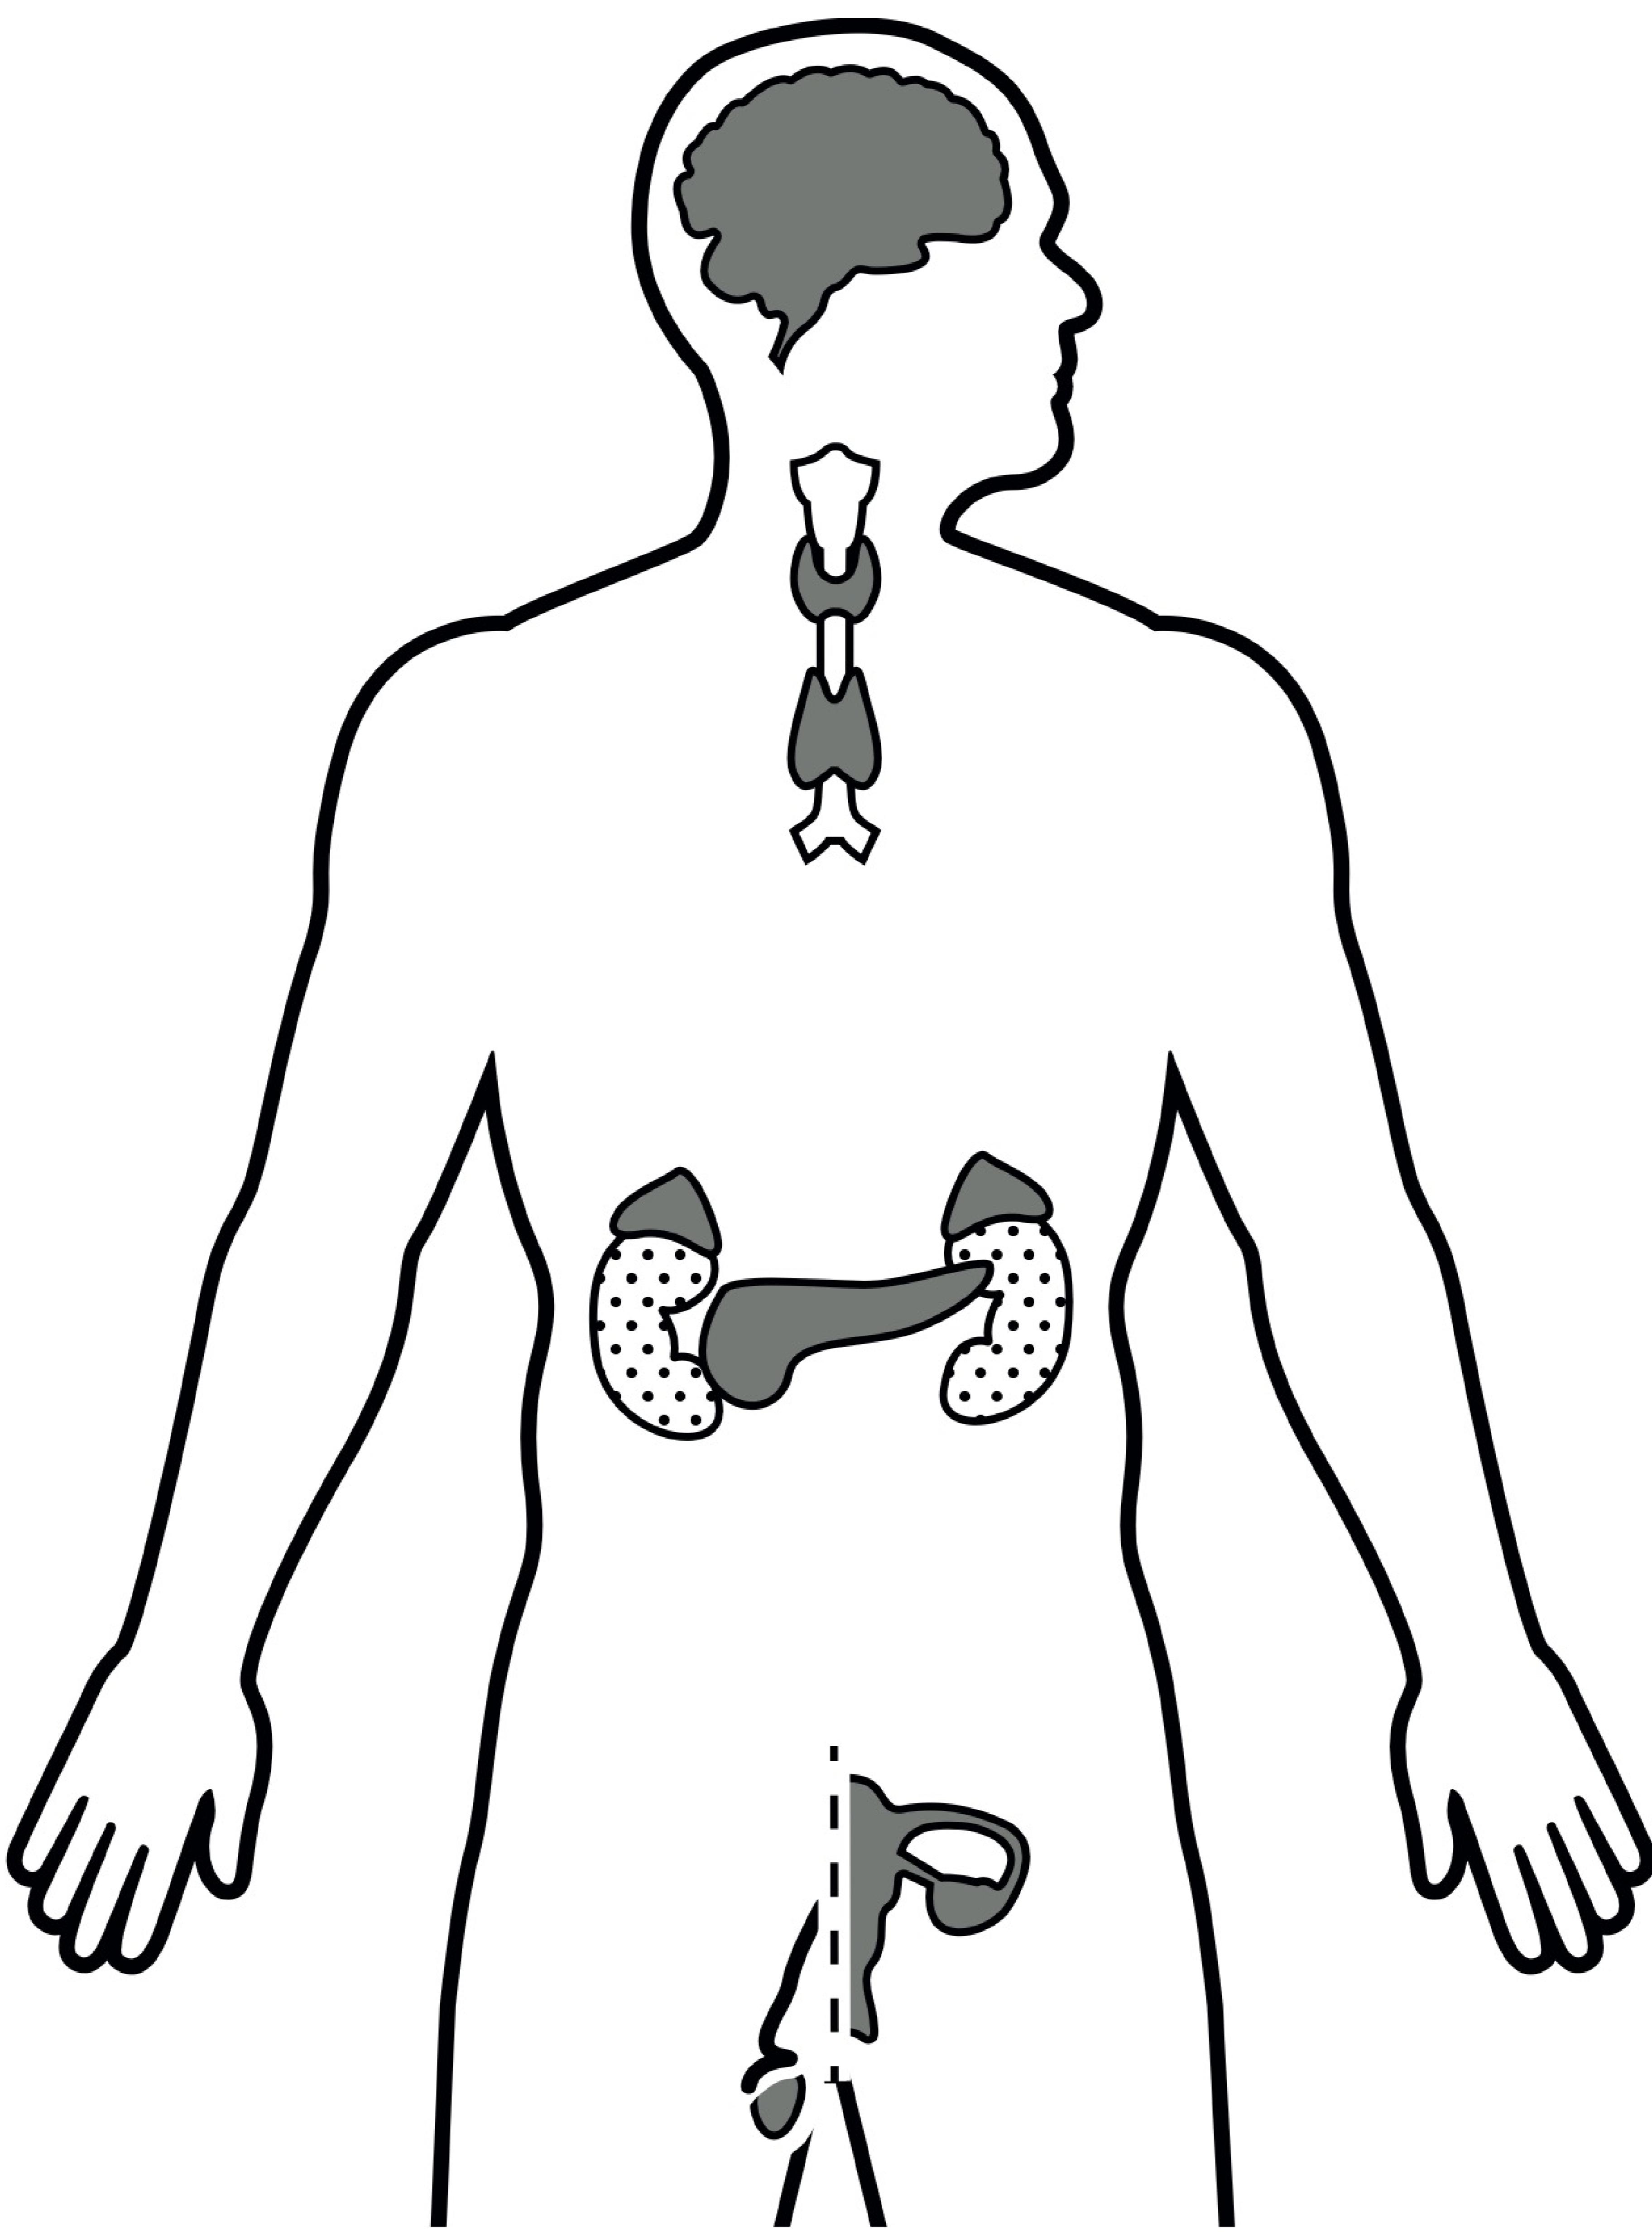

A horizontal arrangement of 15 black circular dots. They are organized into three rows: a top row of 5 dots, a middle row of 5 dots (with the third dot from the left missing), and a bottom row of 5 dots (with the second dot from the left missing). All dots are solid black and have a uniform size.

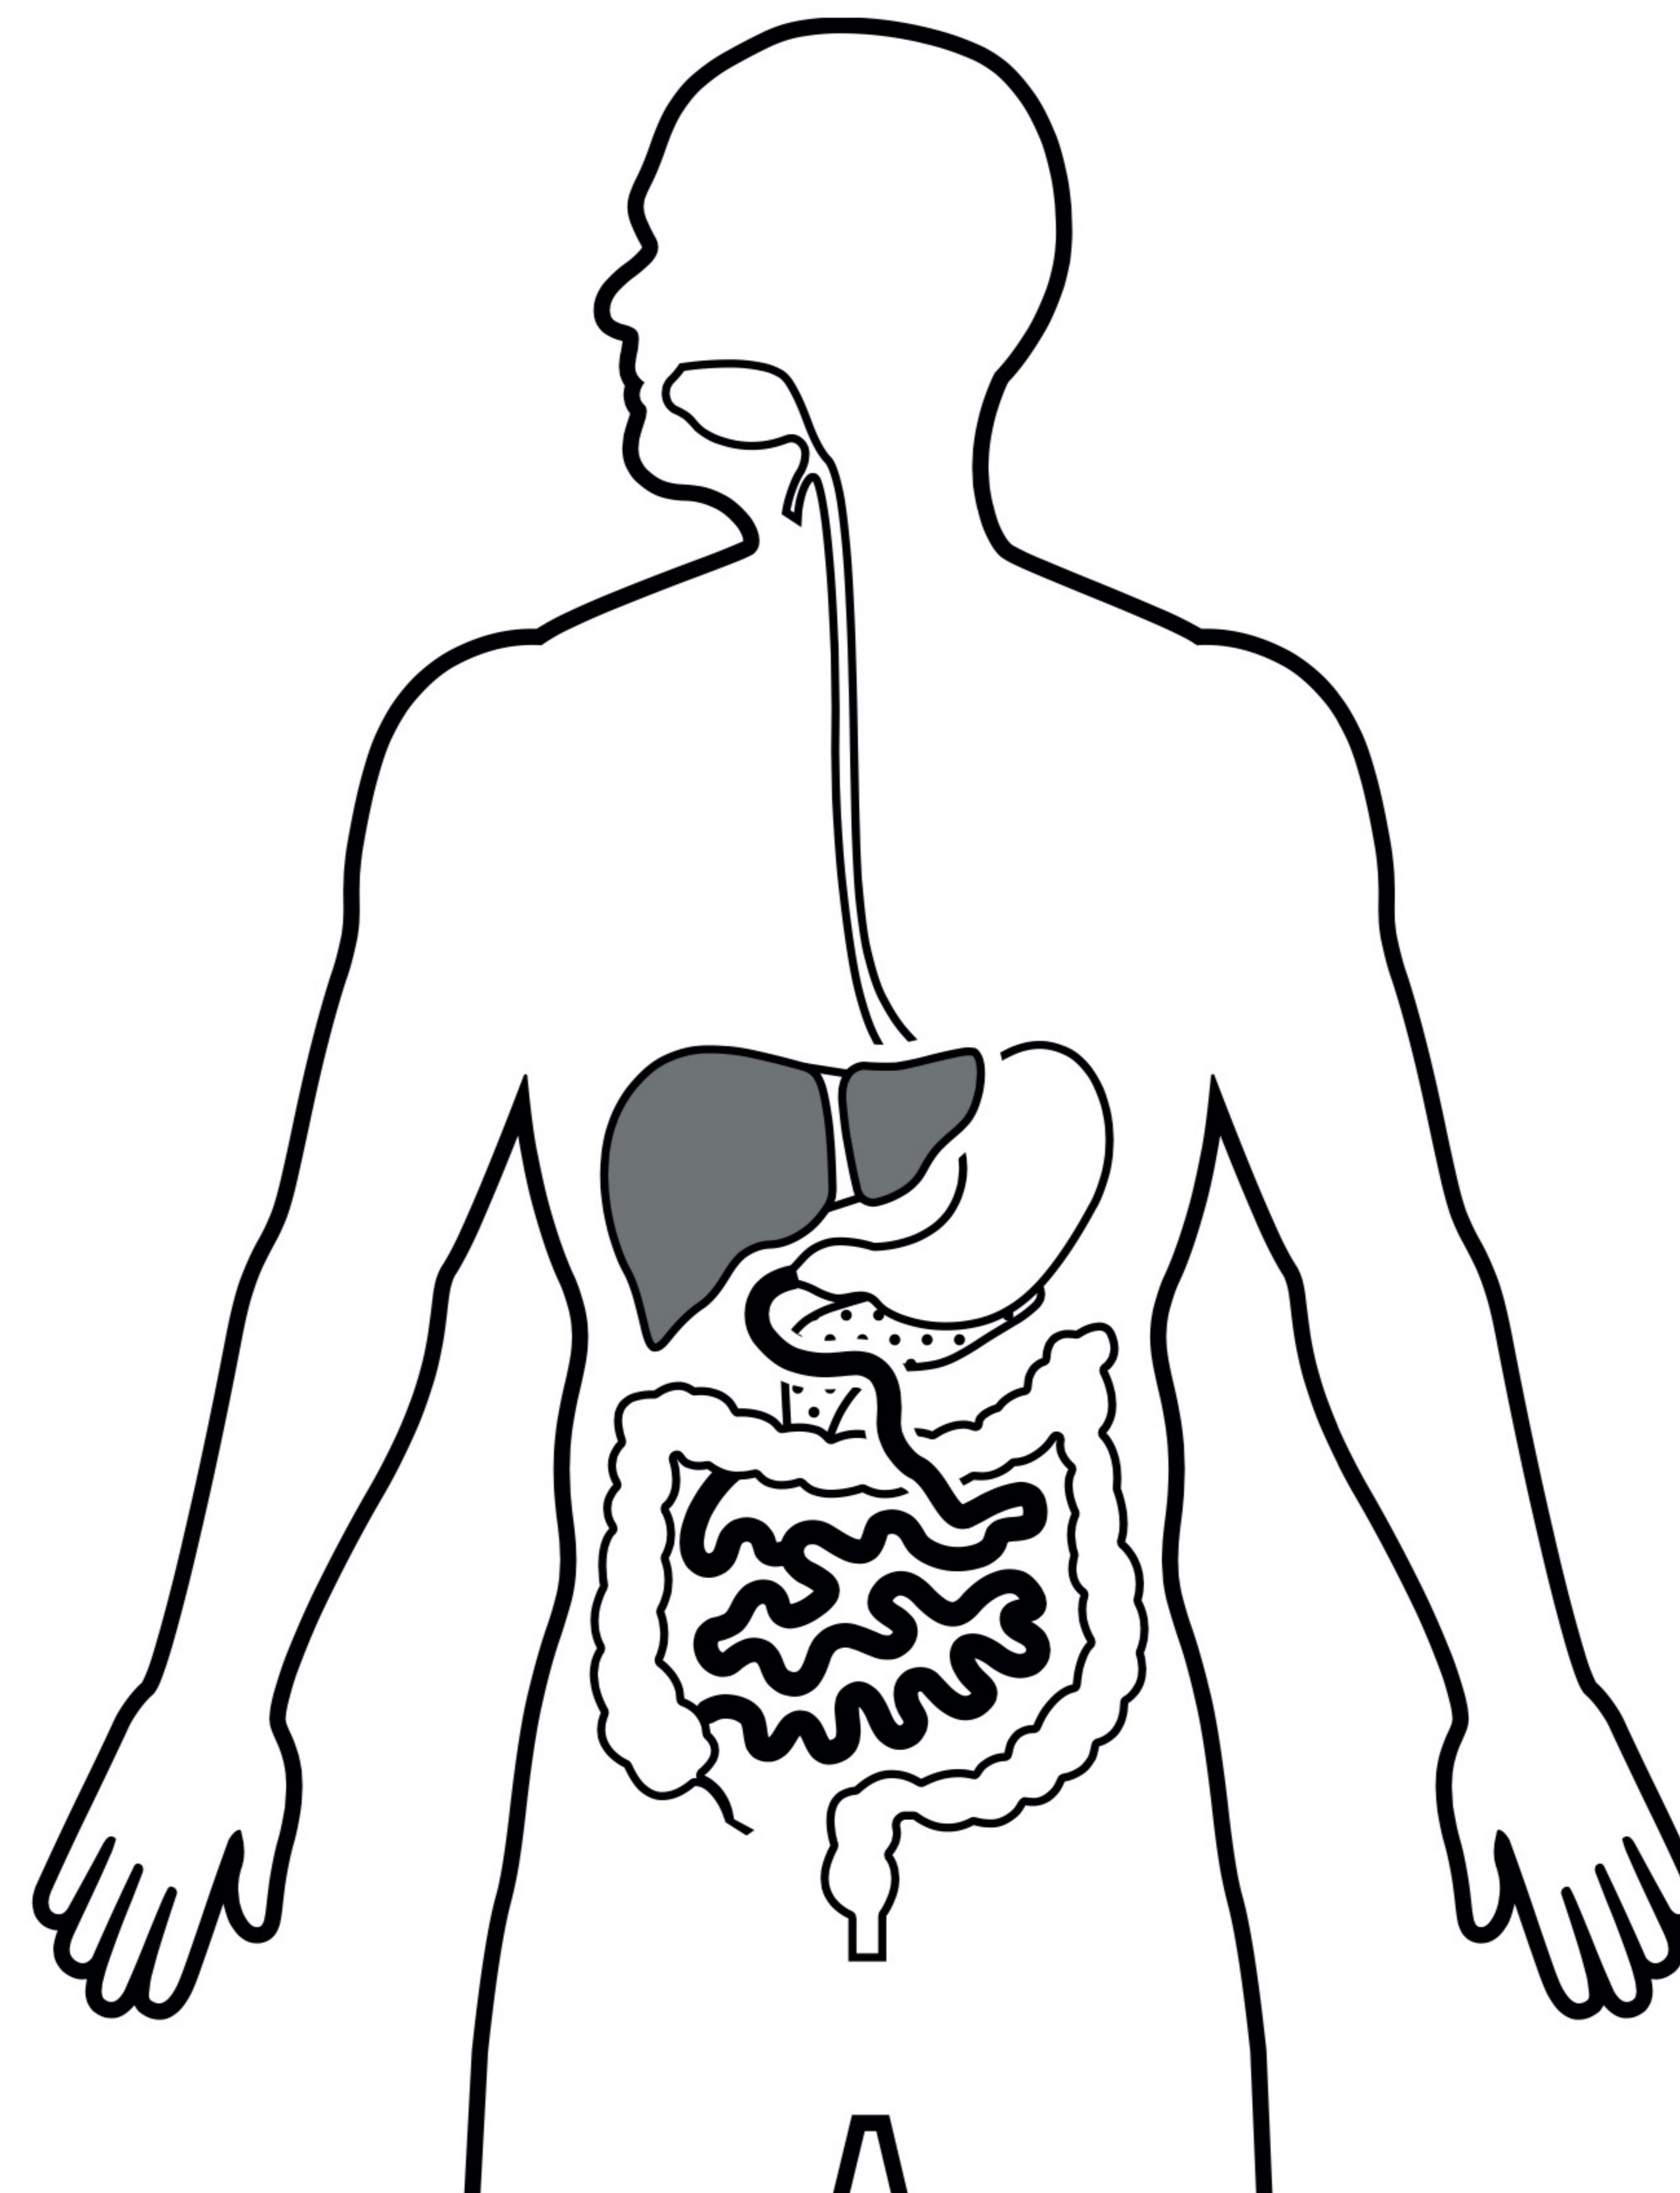

The image shows a sequence of 15 groups of black dots arranged in three rows. The first row has 5 groups of 2 dots each. The second row has 5 groups of 3 dots each. The third row has 5 groups of 2 dots each.

A grid of 100 black dots arranged in a 10x10 pattern. The dots are evenly spaced in a rectangular formation.

The image shows a collection of black dots arranged in a grid-like pattern. The dots are organized into several vertical columns. Some columns have a single dot at the top, while others have two or three dots stacked vertically. Horizontal rows are also present, with some rows containing multiple dots and others containing none. The overall effect is a sparse, abstract grid.
